1. General Information

Agricultural Development Bank PLC. (ADB) is a bank incorporated in Ghana. The registered office of the bank is located at Accra Financial Centre, 3rd Ambassadorial Development Area, Accra. The Agricultural Development Bank operates with a universal banking license that allows it to undertake all banking and related services. The Bank is listed on the Ghana Stock Exchange.

2. Summary of Significant Accounting Policies

The principal accounting policies applied in the preparation of these condensed financial statements are consistent with the accounting policies applied in the audited financial statements of the bank. The financial statements have been prepared in accordance with International Financial Reporting Standards (IFRS) as issued by the International Accounting Standards Board. Additional information required by the Companies Act, 2019 (Act 992) and the Bank and Specialised Deposit-Taking Institutions Act, 2016 (Act 930) have been included where appropriate. The financial statements have been prepared on a historical cost basis except for the following material items; buildings which are carried at revalued amounts and fair value of Equity Investments through Other Comprehensive Income

3. Functional and presentation currency

These financial statements are presented in " Ghana Cedis", which is the Bank's functional currency and has been rounded to the nearest thousand.

4. Use of judgements and estimates

In preparing these financial statements, management has made judgements, estimates and assumptions that affect the application of the Bank's accounting policies and the reported amounts of assets, liabilities, income and expenses. Actual results may differ from these estimates. Estimates and underlying assumptions are reviewed on an ongoing basis. Revisions to accounting estimates are recognised prospectively

9. Risk Management

The Bank's activities expose the business to risks. The Bank has exposure to the following types of risks: credit risk, liquidity risk, market risk and operational risk. It is therefore a fundamental responsibility of management to ensure that all the risks associated with each class of business, each product and each type of transaction are identified and managed as well as the risks associated with the conduct of the bank's affairs. These inherent risks are managed through a process of on-going identification, measurement and monitoring, subject to risk limits and controls. This process is critical to the Bank's continued profitability.
